

Strand Celtic Football Club Sponsorship Packages

ASSOCIATE SPONSOR

What does my sponsorship go towards?

All sponsorship funding from our sponsors drive is going towards the development of the clubs facilities to support its many members. This will fund phase II of our development plan that includes:

- Development of new dressing rooms that will be female friendly
- Development of a clubhouse room for meetings, youth clubs, tennis club, warriors festival and other community groups

None of the funding is going into the day to day operational costs of our club.

What does an Associate sponsor get in return?

The following are the list of benefits for our associate sponsors:

- Advertising sign at new club grounds
- Inclusion of sponsors logo in club newsletter
- Advertising link on club website
- Three year term with staggered payments

The club will work with all sponsors to genuinely insure that they get the maximum exposure in the area and will support our sponsors in every way possible.

What does it cost?

An associate sponsor will invest either €1,800 or €600 per annum over three years, 2007 – 2009.

The net cost of this investment, which **can be fully written off against tax**, is significantly less.
